Also, proper returns covering collection of Federal Tax on admissions should be made directly to Collector of Internal Revenue, Boston, MA.

CONDITION OF USE: School facilities shall be rented only to individuals or organizations that are financially responsible for all possible obligations. If the rental is approved, the user agrees to furnish at the user's expense, police/fire or other protection which the circumstances or the school committee/other town, state agencies may require and to reimburse the town/school department for any damage which may be done to the facility, equipment, or its contents. Alterations or substantial rearrangement of facilities and equipment will not be permitted. Parking will be in designated areas only and all life safety rules such as free access to fire exits will be maintained. Children must be properly supervised and no group will be admitted which does not have at least one adult present for each given number of children, depending on the activity. Children in very large groups or engaged in very active pursuits should have adequate adult supervision. If for any reason the facilities agreed upon are not made available, the district will not be held liable for any damages, direct or consequential. The renter shall not sublet the space to another organization. Use will be confined to the spaces or rooms' reserved and further use is strictly prohibited. Certain spaces/rooms should not be used by the public under any circumstances which include offices where pupil records are kept, shops, laboratories, and other areas of potential danger or location of valuable equipment. Each member of an adult group should sign a waiver of the right to make a claim against the district for any loss or injury before being permitted to participate. Failure to observe the aforementioned rules will result in suspension of the use of the privilege of renting for a certain period of time.
